Families with ASD

'Families with ASD' was founded in 1995 by Julia and Gregory Smith. They have no membership fee, and everyone touched by autism is invited to take part in the many free monthly activities, from "Out and About with Autism" events, or one of many free events, parties that are held at the Autism Center. Families are always welcome to drop by the Autism Center on Saturday's from 12pm – 4pm, or if you need to talk to someone, just leave a message at 513-444-4979. One of the volunteers will be happy to call you back and answer your questions, or just be there to listen.

The Families with ASD sponsors an "Autism Expo" each September on a Saturday for families and providers. They have a family center located at the above address where many resources and materials are available.

Wraparound is a team meeting process in which the collaboratively works to determine each child's and family's individual strengths and needs, determine how to access services for those needs, and sets goals with the family. The process is family-driven, youth guided, and culturally and linguistically competent.
